- **Powerful tools to get kids to listen the first time!** No need to repeat, remind, argue, nag or yell! No more counting 1-2-3! You'll learn how to get your child's attention the first time – without raising your voice and without whining, complaining, or arguing from your child.

- **“Positive Power” - why kids MUST have it and how to give it.** Your child has a hard-wired, instinctive need for positive power. You'll learn what “positive power” means to your child and how you can give it...without “giving in”.
- **Turn a “chore” into a “choice”.** Yes, all kids (as young as 2 and as old as 18) can and should make meaningful contributions in the family! Learn how to get your child helping more and battling less. Prepare to be amazed by how self-sufficient he will become.
- **The No-Fail Consequence Solution.** Learn what parents do to ruin perfectly good consequences. Hold your child accountable for her behavior without you being the bad guy!
